

**REVIVAL PLANS  
AT THIRD STREET  
CHURCH ARE MADE**

Former Popular Pastor Will Be the Evangelist at Revival Which Begins on Next Sunday Evening.

Extensive preparations are being made for the special revival services to begin at the Third Street M. E. church next Sunday and run for two weeks. The choir met last evening for organization and rehearsal of several new revival songs for the meeting. They will meet again Friday evening at which every singer in the church is expected to be present. The prayer service tomorrow evening should be attended by every member of the church and others who are interested in the religious welfare of the community.

Rev. E. R. Overly, of Newport, formerly popular pastor of Third Street church, and who has steadily advanced in the ministry until he is now the pastor of one of Kentucky Methodist's strongest churches, will be the evangelist. He will arrive Monday and preach his first time Monday evening. No more earnest preacher of the Gospel ever occupied the pulpit of this church than Rev. Overly. And wherever he has preached the same report goes out of his ministry. Then he is a most likable man, making scores and hundred of friends wherever he is pastor. His services as pastor have been sought by many of the best churches of the state. Third street church is very fortunate in securing him for this special meeting and there should be no bar to a successful meeting. Although the Christmas holidays are approaching there is no one but that can give some time each day in the Lord's service. The membership of the church especially, is asked to so arrange their affairs that nothing may hinder the success of the meeting. The church extends a warm and friendly invitation to the public in general to attend.

**PRISONER ASSAULTS JAILER  
IN TRYING TO ESCAPE**

Jailer's Wife Strikes Unruly Prisoner With Lump of Coal as He Attacks Her Husband.

The Fleming Gazette says:

Sunday morning about 8 o'clock Jailer Ollie Fizer had a rough and tumble fight with the only prisoner he had in jail, when the man boldly attempted to escape. The prisoner, named Robert Browning, was locked in a cell and when Jailer Fizer unlocked the cell door and entered to take him a fresh bucket of water the fellow leaped upon him exclaiming: "Now, d—n you, I guess I'll go out." Browning was on top of the jailer trying to wrench from his hand a billy, when Mrs. Fizer came to the rescue. "Hit him with a lump of coal," cried the jailer. Mrs. Fizer proceeded to do so, but not very hard. "Hit him hard." She did so and Mr. Fizer getting his black jack loose dealt the prisoner a blow on the head which quieted him. Officer Vanarsdell who happened to be passing the jail was called by Mrs. Fizer and the unruly prisoner was placed back into the cell and locked up. Cuts and bruises about his head and face and a thumb bitten by Mr. Fizer gave evidence of the combat. On Browning. While assisting her husband in the struggle Mrs. Fizer also had one finger bitten by the man, who would escape. Mr. Fizer was not hurt.

Browning comes from Robertson county and was brought here Friday by officers from Robertson who give him a bad reputation. When arrested he carried an ugly looking gun. He is wanted for disturbing religious worship at a church near Oakwood. It is alleged Browning was reproved by the preacher and that he proceeded to break up the meeting and took a shot at the pastor as he went out the door. His hearing has been set for December 7th in the county court.

**FUNERAL OF FIRE VICTIM

**COLORED BOYS' BAND BENEFIT.**

There was a very large crowd of colored people at the Liberty warehouse last night to attend the concert and dance given for the benefit of the Maysville Colored Boys' Band. It is understood that the band made quite a neat sum from the entertainment.

**BLIND AND MOTHERLESS  
BOY TO BE CARED FOR**

Steps have been taken to properly care for and educate the seven-year-old blind boy whose mother died yesterday at Hayswood Hospital. Big hearted citizens have contributed liberally to a fund to purchase the lad proper clothing and get him into the state school for the blind. This fund is in the hands of Mr. Harry C. Curran who will see that it is properly administered.

To succor the afflicted, minister to the orphan and care for the distressed are practical exhibitions of Christianity. The very corn and meat of the Master and so as agent for the little mites contributed by generous citizens for the help of the good and horribly burned woman and her blind 7-year-old child this report is made that these may know how their money was used.

Aside from the small fund others gave of their time and influence so that no service was left undone for the relief of these sorely afflicted persons.

All had to be done in a hurry so those who did not give, nor were approached should not feel slighted. You can help with the next case.

Judge Purnell, Mrs. Stanley Reed and Miss Wallingford, Jas. B. Wood, Mayor Russell, Mrs. Bros., Brady, Boulder Co., R. T. Knox, Harry Barkley, Mrs. Hannah Curran, J. B. Russell, Ray Dora, J. B. Orr, Wm. Jones, Wm. Watkins, Glenn Gault, Ed Duley, Zene Flaugher, C. P. Dierich, Roy Cochran, Harry Robinson. The little fellow was fitted out with hat, suit, shoes, stockings, shirts and underwear and will be sent to Louisville to the blind asylum there to be taught and cared for so he may be a useful citizen.

H. C. CURRAN.

The Burley Association was formed in September after a mass meeting in Lexington at which representative from practically every Burley county in Kentucky, Indiana and Ohio voted down a proposal to cut out the 1921 crop, and took steps to form a cooperative association for the protection of growers. It was incorporated in October and now has more than a thousand members in five states.

**MOVING PICTURES MAY  
BE INSTALLED IN SCHOOL**

Maysville High School May Add Moving Picture Machine To Its Present Equipment.

The student body and faculty of the Maysville High School may add a moving picture machine and outfit to the present equipment of the local school, it became known last night when Superintendent W. J. Carpenter informed the Board of Education of a proposition which a large magazine publisher had made to the school.

Visual education is taking a great part in the present day system of education and many of the first class high schools of the country have already installed moving picture equipments. The National and State educational boards offer free to these schools equipped to use them, films of an educational nature.

The proposition offered the local school appears to be a good one. The students and faculty are offered one-half of the subscription price of a national magazine for the purpose of purchasing such an outfit. It is believed that the local student body and faculty can obtain one thousand subscriptions at one dollar each giving them \$500 with which to purchase the equipment.

This system would add the moving picture equipment without the expenditure of one cent by the school board.

It appears that the school board will endorse the movement and the action of the students and the faculty will be announced later.

Former Graduates of M. H. S. Who Have Made Good on College Teams Will Furnish High Class Basket Ball During the Winter.

At the regular monthly meeting of the City Board of Education held fast night a committee of former graduates appeared before the board and requested the use of the gymnasium of the High School for the purpose of playing basket ball with strong basketball teams throughout this section.

The request of the young men was granted by the board with the understanding that the teams shall be strictly Alumni teams, permitting the use of members of the faculty and High School students, and that they shall be under the direction of the Property committee of the board.

It is understood that this movement will give to Maysville the highest class sport the city will likely see during the year. The Alumni team will be composed of former students of M. H. S. who have made good on college teams and will book only the strongest teams to be found in Kentucky and Ohio cities. Such men as Everett, who was captain of the Kentucky University team last year, and Parker, who has starred on the University team will be in the line-up.

This arrangement promises to bring to Maysville some strong Alumni, college and university teams and is calculated to create much interest in basket ball throughout this section.

A schedule will be made out as soon as possible.

**EDDINS CASE IS  
AGAIN POSTPONED  
BY AN AGREEMENT**

Murder Case Will Not Be Called Next Week As Had Been Planned But Has Been Set For Trial on Monday, January 3.

The trial of Henry L. Eddins charged with the murder of Ben Schumacher, which was to have been called immediately following the opening of the December term of the Mason Circuit Court next week, has again been postponed by an agreement reached this morning by District Prosecutor B. S. Grannis and attorneys representing the prisoner.

It had previously been arranged to call the murder case the first week of court and get all criminal cases out of the way but because of the serious illness of Mrs. B. S. Grannis, who will undergo an operation at Lexington tomorrow, it is likely that the prosecutor will be unable to attend court regularly during the first of the term.

The agreement reached by the attorneys this morning fixes the trial for Monday, January 3rd. It is thought that this will give plenty of time for the long trial to be finished before the close of the December term. Several will cases which have been hanging fire for some time will likely be called during the first of the term.

The large stacks are at least six feet in diameter and about them there are large red, white and blue stripes.

HOME LOAN IS URGED  
BY SENATOR KENYON  
Would Remedy Housing Condition By  
System Like Federal Farm  
Loan Banks.

Washington, D. C. — Drastic legislation to meet the housing condition in the United States is recommended in a statement by Senator Kenyon of Iowa, a member of the Senate committee which investigated the housing problem throughout the country.

The Senator also suggests legislation to meet other conditions, some of the recommendations being of a startling nature. The Senator says the United States is 1,000,000 homes short today and that the problem is acute in every section of the country. He would have Government aid directly in solving the problem.

Among other things Senator Kenyon recommends the establishment of a Federal home loan bank, similar in its operations to the Federal farm loan bank, as a means of enabling the American people to have roofs over their heads. He called attention to the fact that the States of New York and New Jersey have tackled the housing problem, that Great Britain and France are taking action, and he can see no reason why the American Government should not do the same thing. Among other recommendations the Senator made were:

Removal of Government departments in Washington to other points to relieve the congestion in the capital city.

## An Appeal

To the Republicans of the Country and  
All Those Who Aided Them:

The Republican success in the 1920 election has been commensurate with the quality of our candidates and the righteousness of our cause.

This success is the partnership accomplishment of all Republicans everywhere and of hundreds of thousands of well-wishers of good government regardless of past party affiliations.

To all of these we now appeal, because it is the mutual responsibility of us all who will share alike in the consequent mutual benefit of good government.

The plan of limiting campaign contributions to \$1,000, adopted by your national organization, has left your party unmortgaged.

It has been a most advanced step in placing the business of politics on the highest plane, and has brought an interest on the part of thousands who never before have been concerned with politics.

Some weeks before election it was apparent that the expenses provided for in our budget, with the strictest economy, would exceed the contributions, but we were unwilling either to leave undone any legitimate effort essential to complete success or to change the method of raising money. We were then sure and we are now sure that every Republican desires that the expenses of the campaign be distributed in this manner.

Your presidential campaign this year cost no more than that of 1916, when a dollar went nearly twice as far as it does today.

Four years ago the bulk of the campaign fund came from 750 contributors, while this year the approximately \$2,000,000 contributed to date for the presidential election has come from 50,000 givers.

The victory won, the raising of the deficit would be easy, indeed, if your committee were willing to abandon the policy of keeping down the average of contribution. This we are determined not to do. It was a fight of all the people. The result speaks for itself. It lifted a burden from the minds of millions and points the way to better and happier days. We ask now for that additional help from all which is merited both by the successful conclusion of the effort and by the consequent contribution to the welfare of all of our people and the glory of the nation.

Let us now have help from every American who is grateful for the victory and all that it means to the country. It might well be in the nature of a thanksgiving offering for the return to a certainly safe, sane, constitutional progressive government.

Let us by general and generous giving put the seal of approval upon the policy of putting a national administration in power free from any possible embarrassment of special obligation to any man, men or group of men. Let us make the contribution, whether large or small, and whether or not we have heretofore given, commensurate with our means and our appreciation, always within the maximum limit heretofore fixed.

Let us get our names on the cornerstone of a sturdier political structure, upon the roll of those who have helped make possible a campaign of which, in methods and result, we may as Republicans and patriots be justly proud. Most earnestly we urge that this aid be given quickly, that your committee may be enabled to discharge the party's obligations and turn to further constructive work in behalf of party and country.

Will H. Hays, Chairman.

GONE FOR GOOD  
Results That Last Are What Appeal to  
Maysville People.

Kidney sufferers in Maysville want more than temporary relief. They want results that last—Results like Mr. Lynch tells about. His was a thorough test. Four years is a long time. Doan's Kidney Pills have stood the test and stood it well.

Why experiment with an untried medicine?

People here in Maysville have shown the way.

Read the story of W. H. Lynch, shoemaker, E. Third St. He says: "My kidneys were weak and sluggish. At one time the action of my kidneys stopped altogether. I finally used Doan's Kidney Pills and in a short time the action of my kidneys became normal. I kept on taking them and they completely relieved me."

## TROUBLE NEVER RETURNED

Nearly five years later, Mr. Lynch said: "I haven't had any need of a kidney remedy since I last recommended Doan's Kidney Pills. They have permanently cured me."

session. He will incorporate in it the Public Health Service, the Women's Bureau, the Children's Bureau and all kindred activities of the Government which have to do directly with the social welfare of the country, including the Bureau of Education.

Relative to farming conditions in the West, a situation resulting in much agrarian agitation, Senator Kenyon says the conference he proposes will be called here within a short time. He says farmers are being compelled to sell their crops for less than it cost to raise them because of inability to finance them, and that speculators in food products are reaping the results without benefit to the consumer.

Concerning the present high price of coal, Senator Kenyon says it is unjustified. His committee investigated this subject as well as others and added that a bill would undoubtedly be prepared placing coal mines under Government control as soon as Congress convenes unless the prices should be voluntarily reduced.

The Senator is also working upon a bill providing for the creation of a Department of Social Welfare, which he will introduce the first day of the

Nashville, Tenn., Dec. 1. — Lives of millions of people, facing early death from disease and starvation in foreign lands occupied as mission fields by Southern Baptists, can be saved provided local Baptist churches and Sunday schools throughout the South will come forward with ample relief offerings during December, it was announced at the headquarters of the Baptist 75 Million Campaign today. The acute need is a result of the after effects of the war, the scourge of disease made more virulent by the poor physical state of the people, and famine.

Dr. J. F. Love, secretary of the Baptist Foreign Mission Board, has advice from the Ukraine, one of the mission fields of Southern Baptists, that more people have died in that portion of Russia during the past twelve months from hunger and disease than fell on all sides during the recent world war, while in the Chinese

provinces of Honan and Shantung, where Southern Baptists have an extensive mission work, between 25,000,000 and 30,000,000 people face starvation before the winter is over unless there is immediate relief. A famine is responsible for the Chinese distress. In addition to these new developments there are the needy situations in Syria and Armenia, and many of the countries of Central and Southern Europe, likewise within the mission territory of Southern Baptists.

payment of campaign pledges. The state conventions of North Carolina and Virginia have agreed to assess the matter in those states.

By reason of the Foreign Mission Board having representatives on these fields, all relief extended through these channels will be administered without any overhead expense, thus permitting every dollar contributed to relief to be so applied, Dr. Love announces.

Possessing a Christian name that is probably without a duplicate in all the world is the rather unique distinction enjoyed by Mrs. Allan Mackenzie, a well-known woman in English society. Mrs. Mackenzie, whose husband was killed in France, is a daughter of Lord and Lady Knollys, who have long been on terms of intimacy with the British royal family. Her Christian name, Louvina, is happily compounded of the Christian names of Queen Alexandra's three daughters — the Princess Royal (Princess Louise), Princess Victoria, and Princess Maud, now Queen of Norway.

The play is Oriental and American; the first scene being laid in India at the private temple of the Maharajah of Hunga, and the second at the home of Mrs. Chatte-Gaddin in New York. Among the principal roles will be: Katcha-Koo, a fakir; Maharajah of Hunga, an East Indian Romeo; Dick Horton, a collector of antiques; Harry Bradstone, a collector of adventures; Mrs. Chatte-Gaddin, a rich American widow; Dolly, her daughter; Prudence, another daughter; Solejah, widow of wizard; Urbanah, high-priestess of the temple; Bodiyah, a slave; Chin Chin Foo, Chinese wife of Maharajah; Brazillite, Brazilian wife of Maharajah; Paty Kildare, Irish wife of Maharajah; La Belle Flysee, French wife of Maharajah.

It is expected that the leading dramatic and musical talent in Maysville will assume these characters, while in the chorus roles will appear priests, attendants, dancers, slaves, polo dancers, etc.

A brilliant patriotic finale entitled

"Liberty Aflame" is one of the features of the production. America and the Allied nations all appear in this and the effects are said to be unusually inspiring and beautiful.

Rehearsals will begin about the 1st of January.

## WILSON'S FAREWELL.

Industry is now going through the settling process incidental to getting back to a normal basis, a process which involves some phases that are disagreeable and to some extent alarming. The Pennsylvania Railroad System during the last month has dismissed about 10,000 employees and several other roads have reduced their working forces. The rubber tire industry which was hard hit by the policy of the Federal reserve board in discouraging loans for lines of business classed as unessential, continues to curtail its operations and about 50,000 of its former employees have been obliged to seek other work. From various parts of the country have come reports of factories going on short time or shutting down entirely. —Washington Post.

In England a tendency to overlook the old pre-war barriers to so-called humble positions is manifesting itself among girls of education. For example, a girl with a university degree is serving as head waitress in the tea-room of a large London department store, while a physician's daughter, who by the way of war work acted as coachman and drove a carriage, recently advertised for similar employment.

## HOT, DIZZY FEELING

Atlanta Lady's Uncomfortable and Annoying Condition Relieved, She Says, by Cardui.

Atlanta, Ga.—Miss Alice Frances Young, of 28 East Alexander Street, this city, says: "After entering womanhood, I suffered so much with womanly weakness. My back ached, I would have, at certain times, a hot feeling that seemed to go to my head. Even my shoulders would hurt, and it made me very dizzy and uncomfortable. When the blood would flow to my head—I suppose that was what it was—I would faint and feel so weak.

"I couldn't do my work. I had a good position, and this was surely annoying as well as embarrassing. I would usually have to go home and go to bed. I certainly suffered greatly. "I heard of Cardui, and my mother bought it for me. It was the first and only medicine that ever did me any good for this trouble."

Dizziness, headache, sideache, backache, tired-out feeling and other disagreeable symptoms are often signs of womanly troubles. Thousands of women who formerly suffered from these and similar ailments have found Cardui a very valuable remedy.

Cardui is composed only of pure, vegetable ingredients which have long been recognized as of medicinal value in the treatment of many diseases and disorders peculiar to women.

Take Cardui.

FAR REACHING DECISION.

Frankfort, Ky., Dec. 1. — Holding that the Central Kentucky Natural Gas Company is liable in damages to A. J. Humphreys, a florist of Mt. Sterling, for failure to furnish gas to prevent his flowers from freezing, the appellate court Tuesday handed down the most far reaching opinion on breach of contract cases in many months. The court said that there is a dearth of authority covering this line of cases, which is entirely new in this state.

PONZI GETS FIVE YEARS  
ON HIS PLEA OF GUILTY

Promoter of Fifty Per cent. Proposition Enters Plea of Guilty—Is Sentenced To Jail.

Boston, Nov. 30. — Charles Ponzi, promoter of the get-rich-quick scheme in which thousands of persons invested millions of dollars before it collapsed last August, pleaded guilty to using the mails in a scheme to defraud in the Federal District Court today.

Sentence of five years in the Plymouth county jail was imposed by Judge Hale. The court took into consideration only the first count of one indictment of forty-four counts, in which it was charged that Ponzi had represented falsely that he was able to pay interest at the rate of 50 per cent. in forty-five days from profits made in international postal reply coupons.

In arguing on the question of sentence, Daniel H. Coakley, senior counsel for Ponzi, told the court that it was only after advice from counsel and members of the discredited financier's family that he agreed to retract his plea of not guilty and plead guilty instead. "Mr. Ponzi insisted, and still insists, that there was in his mind no intent to defraud any one," his counsel said.

DR. DICKEY MAKES  
APPEAL TO PUBLIC  
FOR THE ARMENIANS

Pastor Issues Letter From Hospital Urging the Citizens of County to Contribute to Armenian Relief.

Dr. J. J. Dickey Tuesday issued this letter to the public from Hayswood Hospital:

Citizens of Mason County:

I have been charged with a duty of calling upon you to help save the lives of 3,500,000 perishing Armenian children. By the persecution of the Turks the Armenian people have been reduced from 11,000,000 to 3,500,000. This destruction has been going on for ten centuries and it would seem as though the Turks were about to accomplish their purpose.

These children have been rescued by America and have been maintained for the last five years by the contributions of our nation. The association which has this work in charge has headquarters in New York City and is called The Near East Relief Association, chartered by the Congress of the United States. There is an association in each state. Kentucky's headquarters are in Louisville.

These children are gathered into orphanages and the relief has been administered to them by a noble body of Americans who are training them, teaching them, preparing them for life. Many millions of dollars have been expended in preserving them thus far and now to save what we have already done we must continue the work. Each county is asked for a certain amount and Mason County's quota is \$2,500. I have sent out a number of letters to citizens of the county appealing for help and generous responses are being made. What we want now is for the whole citizenship to take hold of this matter vigorously and promptly supply a needed relief.

Make your checks payable to Mr. W. B. Ball, Jr., County Treasurer, or Mr. Jno. H. Leathers, State Treasurer or to the writer. Receipts will promptly be given for all checks.

I regard this more a privilege than a duty and yet while our land is laden with abundance this cry for help cannot go unheeded without bringing condemnation upon us.

One starving orphan child appeals to any human hearted person, what must we say to 3,500,000 of such children whose parents have been butchered by the murderous Turk, whose homes have been destroyed and who are left to the mercy of a benevolent world.

I have no language to express the interest I feel in the preservation of these children. The cause of this persecution is their religion. They are the oldest Christian nation in the world and rather than give up their religion for Mohammedanism they are well nigh exterminated.

They fought in the war with the Allies and were a powerful factor in holding back the Turkish hordes in this part of the world.

Fellow citizens I appeal to you one and all to come forward and give according to your ability to raise the amount asked. Your checks may run from \$1.00 up indefinitely. Let everybody help and the result will be glorious for Mason county.

This is the first appeal that has ever been made for these Armenians to the people of Mason county and I feel sure that it will not be in vain.

With a profound trust in your generosity I leave the matter with you and look forward to the near future when we shall all rejoice together in having done what God calls upon us to do.

In closing I appeal to the pulpit and press to co-operate in this great cause.

Yours very truly,

J. J. DICKEY, County Chairman.

REV. STRUVE ASKS  
TO BE RELIEVED.

Cynthiana, Ky., Dec. 1. — The Rev. Felix K. Struve, pastor of the Methodist Episcopal Church, South, announced to his congregation Sunday that he had made application to the presiding elder of this district to be released from his pastorate at Cynthiana. Mr. Struve gave as his reason for making a change that his health was becoming impaired and that there was too little response from the membership to his ministerial work. Mr. Struve came to Cynthiana in September, 1919, and was returned to this change this fall. He served a four-year term here about fifteen years ago.

A SPECIAL ANNOUNCEMENT TO  
MY FRIENDS AND PATRONS.

Dear Friends:  
There will be a "Blood Barrier" at the Pastime Theater Thursday, December 2nd. A blood barrier is usually considered the difference between the races of mankind, but the blood that raised a barrier between Enid Solari and Major Robert Trevor was that of her husband.

Eugene Solari had a jealous temperament. When she married him, Enid loved her husband, but so insane was his jealousy that she soon had nothing but hate for him.

When business brought her in touch with a childhood sweetheart—Trevor—her actions were misunderstood. Her husband became brutal and dangerous. He said he would kill her lover, but before he carried out his threat, he was mysteriously shot in the presence of his wife and Trevor. There was the blood barrier.

Add to this triangular romance a gripping spy plot built around some priceless dye formulas and you have some idea as to the entertainment qualities to be found in J. Stuart Blackton's newest feature photoplay, "The Blood Barrier," in which Sylvia Breamer and Robert Gordon are costarred.

We will take great pleasure in presenting "The Blood Barrier" because we know you will enjoy it, and we are looking forward to giving you the glad hand at some performance next Thursday. Cordially yours,

CHAS. TRIEBEL, Manager.
